

## ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Attach the crossbar (B) to the outlet box and secure by using the two screws (A ). The side of the mounting plate marked "GND" must face outside.
4. Connect the white wire from the fixture to the white wire of the outlet box. Connect the black wire from the fixture to the black wire of the outlet box. Connect the ground wire from the fixture to the ground wire of the outlet box by using the wire connector provided.
5. Install the canopy (C) onto the crossbar (B) and secure with the round nut (D).
6. Assemble the rods (E) together. Install them onto the nipple (F).
7. Install the rods (E) onto the frame (G).
8. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
9. Restore power to the installation point and retain this sheet for future reference.
